Date: June 22, 2015 YS-010-15  
To: All cfm Dealers  
Subject: Inducer Motors – S1-32642583000  
Models: 33” 95+ Gas Furnaces – Single Stage and Modulating Furnaces

Because of an increase in warranty returns of the subject Inducer Motors, warranty return motors were analyzed. Working with the vendor (FASCO), it was discovered that most of the failures were related to bearing fatigue. Affected motors fall within a date range of March 2012 (MC0112 date code) through September 2012 (MK3012 date code).

**FASCO date codes are read as follows:**

**ME1214xxxxx**

**M = Mexico**

**E = Month – May;**

**12 = Day of Month**

**14 = Year – 2014**

**Remaining 5 Digits = Serial Number**

This service letter will provide a fix-on-fail 1 hour labor allowance in addition to a replacement motor for units containing a motor within the above date range. The part number for the new motor is S1-32647781000.

Please reference YS-010-15 on your warranty claim.

Sincerely,

Paul Flora  
Service Manager
